

CPV Retail™

Helping you navigate your energy transition

CPV Retail, an affiliate of Competitive Power Ventures (CPV), is a provider of low carbon, reliable, and cost-effective electricity solutions. As part of one of North America's most innovative power generation development and asset management companies, CPV Retail leverages decades of expertise to help drive the energy transition.

In 2022, CPV started CPV Retail to better serve businesses aiming to reduce their carbon footprint and develop innovative energy solutions. At CPV Retail, we can help your business purchase the energy you need to meet your goals.

ENERGY PRODUCTS BUILT TO POWER YOUR FUTURE

CPV Retail offers customized energy solutions to businesses across several PJM states including Ohio, Pennsylvania, New Jersey, Illinois, Virginia, Delaware, DC, and Maryland, signifying our commitment to meeting the unique energy needs of businesses in these areas. CPV Retail is here to support your transition to sustainable energy.

What We Offer

- **Competitive Pricing** is offered directly to customers.
- **Tailored Solutions** designed to meet your business needs — offering flexibility, predictability, and opportunities to capitalize on market conditions.
- **Sustainable Solutions** customized with options to meet your environmental goals including Green-e® RECs*, SRECs, and more.
- **Physical power from CPV assets**, including wind and solar assets.

Key Benefits of Choosing CPV Retail

Low Carbon Solutions

Access to power generated from renewable sources, including the CPV fleet, ensuring minimal environmental impact and long-term sustainability.

Boutique-Style Customer Service

With support ready to help you when you need it from dedicated professionals.

Competitive Pricing

Solutions that make low carbon energy both affordable and scalable for commercial and industrial customers.

Operational Expertise

With over 6.8 GW of natural gas, wind, and solar generation brought online since 2010, CPV's leadership in power generation and asset management will ensure your optimal energy efficiency and reliability.

Backed by a History of Success

CPV has successfully developed, sold, financed, and acquired over 16.5 GW of power generation since 1999.

Commitment to the Future

Support the energy transition with a trusted partner committed to sustainability and innovation with a diverse pipeline of projects to respond to your future needs.

Partner with CPV Retail for the expertise, reliability, and commitment to sustainability that you can count on.

CPV Retail offers a REC-only product called "CPV Retail Renewables" as a participant in the Center for Resource Solutions Green-e® Energy program. Learn more at www.greene.org.
